WHOLESALE SURPLUS LIST—FOR THE TRADE ONLY

NUMBER TWO

TERMS AND CONDITIONS

This List Cancels all Previous Quotations.

We book orders in wholesale quantities only.

For convenience in telegraphing orders or inquiries we have inserted cipher words to ind cate the grades of the various kinds of stock.

RATES—apply as follows: When 10 trees and not over 50 are ordered the price will be 2½ cents per tree more than the price per 100. Orders for 50 trees or more up to 300, when not less than 10 trees of each variety, will be charged for at the price per 100. Orders for 300 trees or more, when not less than 10 trees of each variety, will be charged for at the price per 1000

SEASON—Our packing and shipping season begins by the 20th of September and continues until the 15th of March.

SHIPPING DIRECTIONS—We respectfully beg our patrons to furnish us with explicit directions as to shipping and the mode of conveyance by which they wish their stock forwarded. When no particular directions are given we forward according to our best judgment, but in no case do we assume any responsibility as to safe delivery and condition of trees and plants after proper shipment by us.

GUARANTEE OF GENUINENESS—While we exercise the greatest diligence and care to have all our trees, etc., true to label and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label free of charge or refund the amount paid, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuieness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that prove untrue

ACCEPTANCE—Notice should be sent to us by telegraph, at our expense, if there is any cause for complaint, or should the trees, etc., be refused, stating reasons. CLAIMS FOR DEDUCTION, FROM WHATEVER CAUSE, WILL RECEIVE CONSIDERATION ONLY WHEN MADE PROMPTLY UPON RECEIPT OF THE STOCK. If trees show any signs of shrivelling upon arrival they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees, etc., upon arrival they should not be removed from the boxes until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the stock against damage, if the frost is allowed to come out the natural way. Goods will be considered accepted if removed from the boxes in which they are packed without notice of complaint to us and without our orders for their disposition.

CAUTION—We accept all orders subject to our crop conditions and also upon the condition that they shall be void should any injury befall the stock from frost, hail, storm, fire or other causes over which we have no control.

TERMS—Usual nurserymen terms. Cash or satisfactory reference is required of parties unknown to us.

PRICES—are subject to change without notice, and are for stock F. O. B. Huntsville, Alabama, cost of boxes or bales to be added at following prices:
